How long does online delivery of the Virtual Joker Prepaid Visa take?

It can take up to 48 hours from the time of purchase to review your order for fraud and security screening before we release your order for processing and delivery. You can also specify a future delivery date for your order if you want it sent on a certain date, such as someone's birthday. The card is delivered via email or can be accessed from the Order History section in the recipient's account on GiftCards.ca. The card then needs to be registered and activated by the recipient before it can be used.

How is the Virtual Joker Prepaid Visa delivered?

The Virtual Joker Prepaid Visa is delivered by email or downloaded from the Order History section in the recipient's account on GiftCards.ca. Either way, the card needs to be registered and activated before it

can be used. Once you click the link to the card it will begin the registration and activation process. The Virtual Joker Prepaid Visa MUST be activated before it can be used.

Does the Virtual Joker Prepaid Visa need to be activated or registered?

The Virtual Joker Prepaid Visa MUST be activated before it can be used.

The card is delivered by email or accessed from the card recipient's account on GiftCards.ca. To start the activation and registration process, open the link to the card, found in either the email or the recipient's account on the site. The card recipient will then need to input their address details and other information to complete activation of the card.

These cardholder address details may also be required when using the card to make purchases online, as many sites and apps require the cardholder's address to complete their check-out process.

How much money can I load onto the card?

You can load anywhere from \$25 to \$500 CAD when you purchase the card. The card is not reloadable.

What if I don't receive my Virtual Joker Prepaid Visa?

The card is delivered by email. The card recipient can also download it from their account on GiftCards.ca.

If the email hasn't shown up in the recipient's inbox, please ask the recipient to check their spam folders or automatic filters (such as the Updates tab in Gmail). If a recipient doesn't have an account on our site they can still create one using the same email the card was sent to. Then they'll be able to download their card from their newly created account.

If the card has not arrived within 48 hours from the time of purchase and the purchaser hasn't received an order cancellation email, please Contact Us for help. Have your email address, the order number and the recipient's email address ready before calling.

How do I redeem the Virtual Joker Prepaid Visa?

This virtual prepaid Visa is for online use only, wherever Visa is accepted online. The card must be activated by the card recipient before it can be used. The online registration and activation process starts as soon as the recipient clicks the link to access their Virtual Joker Prepaid Visa for the first time.

When making a purchase online, simply enter the required card information. The card number, expiry date and CVV2 information are displayed on the card itself. If the cardholder's address details are also required to check-out when using the card to pay online, then they must match the address details used to register and activate the card.

The card can be used worldwide for online purchases, but there is a 2.5% foreign exchange fee for any online purchases made outside of Canada or on any card redemptions made in non-Canadian currency.

PLEASE NOTE that due to regulations in the European Economic Area (EEA), the maximum spend in a single transaction at online merchants or websites located in the EEA is limited to \$75 CAD, and the maximum spend in the EEA region over the lifetime of the card is limited to \$225 CAD.
